C.E.O MESSAGE

Community is at the heart of everything we do. And what we do has an impact on the world we live in. That's an important responsibility—and a great opportunity to make a difference in the places we all call home.

Amaco aligned in KSA market vantage point in Telecom, Civil, & IT. Ideas and solutions that are all current, relevant and purposeful. It is our commitment to these that determines our resolution for excellence.

This is the driving force for AMACO to be the leading IT solutions provider in KSA, to be the partner of choice for all customers and enterprises by satisfying their vision and requirements earned through our integrity and quality of work. This will be years of hard work but AMACO confident that our core values of professionalism, honesty, integrity and transparency will take us there.

At AMACO, communities are more than the places we live, work, and play. When we talk about community we mean everybody with a stake in the work we do—from the clients we collaborate with to the populations we reach. When we talk about community, we mean the many sectors we serve and the thousands of us working together to serve them. To us, community is inclusive, creative, and moves beyond physical borders.

As we've grown, we've become part of the communities we serve. We're proud of our long history of keeping community at the heart of our work. Today we are a public company with a diverse portfolio of clients across many sectors and geographies around the world.

We are a top 10 global Telecom and Civil firm, a milestone we reached in 2021. We achieved this goal by focusing on what we do best—providing Telecommunication, Civil, Construction, Security, MEP, Engineering, and environmental services that solve tough challenges and make communities stronger.

We are AMACO, and we believe in design with community in mind.

ABDULLAH MAID AL-QAHTANI

EXECUTIVE SUMMERY

Welcome to Telecom / Construction & MEP Division

AMACO (Abdullah Maid Al-Qahtani Est for Contracting and Trading Company) is a leading business organization in Riyadh with diversified business activities in the Kingdom of Saudi Arabia. Since the group's establishment in the year 2010,

we are committed to deliver the highest quality and achieve total client satisfaction through world-class professional standards and efficiency. We have proudly accomplished many things in contracting and trading fields and look forward to contribute more towards the values of the State and its development.

We are highly qualified and experienced in the field of Telecom / Civil & MEP Systems, like end-to-end solution in Setting up Computer IT Rooms & Data Centers, A_Z Structured Cabling Solutions, CCTV, Security and Surveillance Systems, Fire Detection and Alarm Systems.

We are well equipped with all kinds of infrastructure and other facilities to handle multiple high volume projects in the State. Our work encompasses multitude of simple and complex projects that require attention to specific details, thorough knowledge of the requirements, strategic planning, abundant resources and efficient execution. In addition to maintaining leadership in the Construction industry, we are committed to increase our market share into other sectors through strategic alliances with national and international reputed companies. Now we have technical collaboration with one of the leading Electromechanical companies in KSA, specialized in Telecom / Civil & electromechanical turnkey projects. This has lifted our capability as a specialized company to execute all kinds of complex large projects and maintenance works.
